

3f. Required Nevada Volunteers Training

Nevada Volunteers provides training to staff and members of AmeriCorps programs. Staff and members are encouraged to take advantage of these opportunities to strengthen their program and make continuous improvements. A schedule of training events will be provided to the AmeriCorps Programs as far in advance as possible. For required program director trainings, each program *must* be represented by the program director or appropriate representative. There is a monthly, required, conference call for all program directors and at the beginning of each grant year, Nevada Volunteers provides a mandatory two-day Start-Up Institute to review program requirements and changes to regulations for the program year.
