

# Why Volunteer?

## **Volunteerism enhances lives, and Nevada Volunteers gives powerful access to ways in which you can volunteer in your community.**

Through AmeriCorps membership, a local nonprofit, the county or city, a faith group, or simply identifying a passion, volunteers like you make a daily difference in Nevada.

### **Volunteering is for Everyone!**

Volunteering and service are options for people of all ages, abilities, and backgrounds. We seek to include seniors and people with disabilities in our recruitment, practice and policy development, programming, and evaluation efforts.

### **People + the Internet = Success**

Our free online volunteer matching system gives nonprofits a wider audience for publicizing volunteer needs, and helps volunteers find the right opportunity that suits their interests and time availability. Our Facebook page and Twitter feeds are other great avenues for learning about volunteer opportunities and other service news.

## Volunteering and Service Done Right

The strongest efforts result from robust training and technical assistance.

We support Nevada's professional volunteer administrator organizations, VANN (Volunteer Administrators of Northern Nevada) and DOVIA (Directors of Volunteers in Agencies, Las Vegas). Our electronic list serv allows hundreds of volunteer coordinators to share news, information, and questions.
