

2019-2020 NOFO FAQs

- 1) I had a question about the minimum number of AmeriCorps members that we can have for our grant. I remember something about needing a minimum of 10 full time members, but I can't find that anywhere in the NOFO. Am I remembering that correctly? Also, would it be okay to have 20 half time members as opposed to the 10 full-time?

CNCS and Nevada Volunteers have removed the member minimum. You can have less than 10 full-time members. 20 half-time members is also fine. The only requirement is that you have a full-time Program Director and be able to meet cost per the MSY maximum of \$15,192. This is easier to do with more members, so make sure your budget will work.

- 2) Where can I access the updated performance measures?

All information about notices of funding opportunities can be found on our website here:
<http://nevadavolunteers.org/ameriCorps/ameriCorps-funding/>

The new Performance Measure Instructions are referenced in our NOFO. Here is the direct link.
<http://nevadavolunteers.org/wp-content/uploads/2018/09/2019-Performance-Measures-Instructions.pdf>

- 3) What percentage of the administrative line does Nevada Volunteers take?

Nevada Volunteers retains 1.5% of the CNCS share to cover administration costs.
