A. PROGRAM DESCRIPTION

A.1. Purpose of AmeriCorps Funding

Nevada Volunteers is the governor’s commission on service and a 501(c)3 nonprofit organization dedicated to increasing national service and volunteerism in Nevada. Nevada Volunteers administers AmeriCorps State funds to meet critical needs in Nevada. Applicants to this Notice of Funding Opportunity apply to Nevada Volunteers. Nevada Volunteers submits a portfolio of programs to CNCS for final approval.

The mission of CNCS is to improve lives, strengthen communities, and foster civic engagement through service and volunteering. Through AmeriCorps, Senior Corps, and the Volunteer Generation Fund, CNCS has helped to engage millions of citizens in meeting community and national challenges through service and volunteer action.

AmeriCorps grants are awarded to eligible organizations (See Section C.1 [Eligible Applicants](#)) proposing to engage AmeriCorps members in evidence-based or evidence-informed interventions/practices to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members earn a Segal AmeriCorps Education Award from the National Service Trust that members can use to pay for higher education expenses or apply to qualified student loans.

CNCS Focus Areas

The National and Community Service Act of 1990, as amended by the Serve America Act, emphasizes measuring the impact of service and focusing on a core set of issue areas. In order to carry out Congress' intent and to maximize the impact of investment in national service, CNCS has the following focus areas:

Disaster Services

Grant activities will provide support to increase the preparedness of individuals for disasters, improve individuals' readiness to respond to disasters, help individuals recover from disasters, and/or help individuals mitigate disasters.

Economic Opportunity

Grants will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people; help economically disadvantaged people, to have improved access to services that enhance financial literacy; transition into or remain in safe, healthy, affordable housing; and/or have improved employability leading to increased success in becoming employed.

Education

Grants will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged children; improved school readiness for economically disadvantaged young children; improved educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools; and/or support economically disadvantaged students' preparation for success in post-secondary educational institutions.

Environmental Stewardship

Grants will support responsible stewardship of the environment, while preparing communities for challenging circumstances and helping Americans respond to and recover from disruptive life events: programs that conserve natural habitats; protect clean air and water; maintain public lands; support wildland fire mitigation; cultivate individual and community self-sufficiency; and provide reforestation services after floods or fires.

Healthy Futures

Grants will provide support for activities that will address the opioid crisis; increase seniors' ability to remain in their own homes with the same or improved quality of life for as long as possible; and/or increase physical activity and improve nutrition with the purpose of reducing obesity.

Veterans and Military Families

Grants will positively impact the quality of life of veterans and improve military family strength; increase the number of veterans, wounded warriors, military service members, and their families served by CNCS programs; and/or increase the number of veterans and military family members engaged in service through CNCS programs.

A.2. Funding Priorities

CNCS seeks to prioritize the investment of national service resources in the following areas:

- Efforts to help local communities recover from the COVID-19 pandemic. Applicants

may propose programming in any CNCS focus area to aid communities as they recover from the COVID-19 pandemic.

- Programs that actively engage in removing structural racial inequities, advancing racial equality, and increasing opportunity in order to achieve sustainable change in communities.
- Economic Opportunity – a program model that increases economic opportunities for communities by preparing people for the workforce.
- Education – see sixth bullet.
- Healthy Futures – a program model that reduces and/or prevents prescription drug and opioid abuse.
- Evidence-based interventions on the CNCS Evidence Exchange (<https://www.nationalservice.gov/impact-our-nation/evidence-exchange>) that are assessed as having Moderate or Strong evidence.
- Veterans and Military Families – a program model that positively impacts the quality of life of veterans and improves military family strength.
- Rural intermediaries - organizations that demonstrate measurable impact and primarily serve rural communities with limited resources and organizational infrastructure.
- Faith-based organizations.
- Programs that reduce child poverty.
- Environmental stewardship.
- Economic Mobility Corps – a joint initiative with the Community Development Financial Institutions Fund to place national service members at Certified Community Development Financial Institutions to enhance their capacity to provide financial literacy, financial planning, budgeting, saving, and other financial counseling activities in distressed and underserved areas

Nevada Volunteers, in alignment with the Nevada State Service Plan, has identified specific priority areas:

- Programs focusing on education including those that will improve school readiness, improve education outcomes, and prepare students for success in post-secondary institutions
- Programs that promote access to healthcare including mental health care or substance abuse care
- Programs that address homelessness

To receive priority consideration, applicants must show that the priority area is a significant part of the program focus and intended outcomes; and must include a high-quality program design. Proposing programs that receive priority consideration does not guarantee funding.

A.3. Performance Goals or Expected Outcomes

National Performance Measures

All applications must include at least one aligned performance measure (output and outcome) that corresponds to the proposed primary intervention. This may be a National Performance Measure or an applicant-determined measure. Additional performance measures, including output-only National Performance Measures, may also be included if desired; however, all performance measures must be consistent with the program's Theory of Change and represent significant program activities. CNCS does not expect applicants to select performance measures

to correspond to each and every potential member activity or community impact. CNCS values the quality of performance measures over the quantity of performance measures.

CNCS expects applicants to use National Performance Measures as part of their comprehensive performance management strategy if the National Performance Measures are part of the applicant’s Theory of Change. Applicants should use both performance and evaluation data to learn from their work as well as make tactical and strategic adjustments to achieve their goals. For more information, please refer to the [National Performance Measure Instructions](#).

A.4. Program Authority

Awards under this Notice are authorized by the National and Community Service Act of 1990, as amended, ([42 U.S.C. § 12501 et seq.](#))

B. FEDERAL AWARD INFORMATION

C. ELIGIBILITY INFORMATION

C.1. Eligible Applicants

The following non-federal entities (all of which are defined in 2 CFR 200.1) are eligible to apply:

- Indian Tribes
- Institutions of higher education
- Local governments
- Nonprofit organizations
- States

Entities must have a valid SAM registration and [DUNS and/or Unique Entity Identifier] to receive an award. See Section D.3. Unique entity identifier and System for Award Management (SAM) for more information.

New Applicants

Nevada Volunteers encourages organizations that have not received prior funding from CNCS to apply. All new applicants who plan to place AmeriCorps members solely in Nevada, must contact Alicia Blood, Director of AmeriCorps, alicia@nevadavolunteers.org or (775) 825-1900, directly before beginning an application. It is Nevada Volunteers' goal to partner with organizations interested in hosting an AmeriCorps program to create strong programs for the state of Nevada. This partnership will require frequent, open communication.

New applicants are eligible to apply for Cost Reimbursement and Education Award Program (EAP) grant but are not eligible to apply for Full-Cost Fixed Amount grants. Existing subgrantees/operating sites of Fixed Amount and Cost Reimbursement grantees who can demonstrate a successful history and current capacity to manage a Fixed Amount grant are considered to have AmeriCorps experience and therefore can apply for Fixed Amount grants. See Mandatory Supplemental Guidance for more information.

Threshold Issues

Applications should reflect that they meet the following threshold requirements for the grant type for which they are applying.

- Professional Corps applicants and/or applicants determined to be a Professional Corps by CNCS must demonstrate that the community in which it will place AmeriCorps members serving as professionals has an inadequate number of said professionals.
- If the proposed service activities require specialized member qualifications and/or training (for example, tutoring programs: 45 CFR 2522.910-.940), the applicant must describe how the program will meet these requirements.
- All applicants must propose program designs that are either evidence-based or evidence-informed. Applicants assessed as lower than the Preliminary evidence tier (i.e., Pre-Preliminary) must provide adequate responses to the Evidence Quality review criteria in order to be considered for funding.

Nevada Volunteers Specific Requirements

All programs operating in Nevada must address each of the Nevada Volunteers identified expectations below in their applications:

- Inclusive in the design and delivery making the program accessible to individuals with disabilities.
- Program must be managed by a full-time program director budgeted for in the application.
- Nevada Volunteers elects to retain a share of 30 percent of the five percent of the federal funds available to programs for administrative costs (1.5 percent of the overall CNCS share). Subgrantees are required to allocate this Administrative Cost to be retained by Nevada Volunteers for administrative oversight.
- Programs are required to conduct one National Day of Service each grant year.
- Programs are required to budget for staff to attend one technical assistance meeting sponsored by America's Service Commissions each grant year.
- Programs are required to budget \$5 per member per year for a Member Assistance Program.

C.2. Cost Sharing or Matching Fixed Amount Grants

There is no match requirement for Fixed Amount grants. CNCS does not provide all the funds necessary to operate the program, therefore organizations should raise the additional revenue required to operate the program.

Cost Reimbursement Grants

Applicants are required to match funds based on the chart below. The applicant’s match can be non-CNCS cash and/or in-kind contributions. Applicants must indicate whether the match is proposed or secured. Applicants must demonstrate the ability to meet the match requirement at the time of application submission. See Section *D.6. Funding Restrictions* for more information.

A first-time successful applicant is required to match at 24 percent for the first three-year funding period. Starting with year four, the match requirement gradually increases every year to 50 percent by year ten, according to the minimum overall share chart found in 45 CFR 2521.60 and below.

AmeriCorps Funding Year	1, 2, 3	4	5	6	7	8	9	10+
Grantee Share Requirements	24%	26%	30%	34%	38%	42%	46%	50%

Section 121(e)(5) of NCSA (42 U.S.C. §12571(e)) requires programs that use other federal funds as match for an AmeriCorps grant to report the amount and source of these funds to CNCS on a Federal Financial Report. Grantees must track and be prepared to report on that match separately each year and at closeout.

The living allowance or salary provided to AmeriCorps members in Professional Corps programs (see Mandatory Supplemental Information) does not count toward the matching requirement.

Alternative Match

Under certain circumstances, applicants may qualify to meet alternative matching requirements that increase over the years to 35 percent instead of 50 percent as specified in the regulations at 45 CFR 2521.60(b). To qualify, applicants must demonstrate that the proposed program is either located in a rural county or in a severely economically distressed community as defined in the Application Instructions. Applicants who plan to request an alternative match schedule must submit a request at the time the application is submitted. Programs applying through State Service Commissions must submit requests for alternative match to the Commission, who will submit it to CNCS on their behalf. Commissions and National directs will submit requests to directly to ACAlternateMatchRequests@cns.gov.

C.3. Other Eligibility Requirements

Under Section 132A(b) of the National and Community Service Act of 1990, as amended, organizations that have been convicted of a federal crime may not receive assistance described in this Notice.

Applications that propose to engage in activities that are prohibited under CNCS’s statutes, regulations, or the terms and conditions of its awards are not eligible to receive CNCS funding.

Note that under appropriations provisions annually enacted by Congress, if CNCS is aware that any corporation has any unpaid federal tax liability—

- that has been assessed
- for which all judicial and administrative remedies have been exhausted or have lapsed
- that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability—

that corporation is not eligible for an award under this Notice. However, this exclusion will not apply to a corporation which a federal agency has considered for suspension or debarment and has made a determination that suspension or debarment is not necessary to protect the interests of the federal government.

Pursuant to the Lobbying Disclosure Act of 1995, an organization described in the Internal Revenue Code of 1986, 26 U.S.C. 501 (c)(4) that engages in lobbying activities is not eligible to apply for CNCS funding.

D. APPLICATION AND SUBMISSION INFORMATION

This *Notice* should be read together with the AmeriCorps Regulations, 45 CFR 2520–2550, the Mandatory Supplemental Information, Application Instructions, and Performance Measure Instructions which are incorporated by reference. These documents can be found on <https://www.nationalservice.gov/grants-funding/funding-resources/cnsc-funding-opportunities-resources>. The full Regulations are available online at www.ecfr.gov.

D.1. Content and Form of Application Submission

D.1a. Application Content

In CNCS’s web-based management system, applicants will enter the following components of a complete application:

- Standard Form 424 (SF-424) Face Sheet: This is automatically generated when applicants complete the data elements in the system
- Narratives:
 - Executive Summary
 - Program Design
 - Organizational Capability
 - Cost Effectiveness and Budget Adequacy
 - Evaluation Plan
- Logic Model
- Standard Form 424A Budget
- Performance Measures
- Authorization, Assurances, and Certification (<https://egrants.cns.gov/cnsmisc/ECERTS.HTM>, and <https://egrants.cns.gov/cnsmisc/EASSUR.HTM>)

D.1.b. Page Limits

There are page limits for the Narratives and Logic Model.

Narratives

Applications must not exceed 10 double-spaced pages for the Narratives or 12 pages for Rural Intermediaries.

The application sections that count towards the page limit are the:

- SF-424 Face Sheet
- Executive Summary
- Program Design, Organizational Capability, and Cost-Effectiveness & Budget Adequacy narratives.

The application page limit does not include the Budget, Performance Measures, or any required additional documents.

Nevada Volunteers will consider the number of pages only as they print out from the “Review” tab in CNCS’s web-based grant management system (where you will see the “View/Print your application” heading) when determining compliance for page limits. Please note that the length of the application as a word processing document may differ from the length of the document printed out from eGrants. The character limits in eGrants do not align with page limits set in the Notice. **Nevada Volunteers strongly encourages applicants to print out the application from the “Review and Submit” tab in eGrants prior to submission in order to confirm that the application does not exceed the page limit.**

Logic Model

The Logic Model may not exceed three pages when printed with the application from the “Review” tab in CNCS’s web-based management system.

D.3. Unique entity identifier and System for Award Management (SAM)

All applicants **must** register with the System for Award Management (SAM) at <https://www.sam.gov/SAM/> and maintain an active SAM registration until the application process is complete. If an applicant is awarded a grant, it must maintain an active SAM registration throughout the life of the award. See the SAM Quick Guide for Grantees at: https://sam.gov/SAM/transcript/Quick_Guide_for_Grants_Registrations.pdf.

SAM registration must be renewed annually. Nevada Volunteers suggests that applicants finalize a new registration or renew an existing one at least three weeks before the application deadline, to allow time to resolve any issues that may arise. **Applicants must use their SAM-registered legal name and address on all grant applications to CNCS.**

CNCS will not make awards to entities that do not have a valid SAM registration and DUNS or Unique Entity Identifier (UEI). If an applicant has not fully complied with these requirements by the time CNCS is ready to make a Federal award, CNCS may determine that the applicant is not qualified to receive an award and use that determination as a basis for making a Federal award to another applicant.

The Federal government is implementing Unique Entity Identifiers (UEI) as part of the SAM registration process to eventually replace DUNS numbers. CNCS may ask applicants to add the UEI to their application as part of the clarification or pre-award process. CNCS is adding a field to capture the UEI in eGrants. If you already have a UEI and the UEI field is available in eGrants, you can enter it at the time you submit your application.

Applicants can obtain a DUNS number at no cost by calling the DUNS number request line at (866) 705-5711 or by applying online at the [DUNS Request Service](#). CNCS recommends registering at least 30 days before the application due date, if applicants do not yet have their UEI.

D.4. Submission Dates and Times

a. Application Submission Deadline

Please see the [Important Dates](#) section at the beginning of this NOFO for the date. The deadlines apply to new, re-competing, and continuation applicants.

b. Additional Documents Deadline

Any required additional documents are due on the final application deadline. See [Submission of Additional Documents](#) section for other guidance.

c. Late Applications

All applications received after the submission deadline published in the Notice are presumed to be non-compliant. Late applications will only be considered if there are severe and unforeseen technical difficulties verified by Nevada Volunteers.

D.5. Intergovernmental Review

This *Notice* is not subject to Executive Order 12372, “Intergovernmental Review of Federal Programs.”

D.6. Funding Restrictions

D.6.a. Award Funding Requirements

1. Member Living Allowance

A living allowance is not considered a salary or a wage. Programs are not required to provide a living allowance for members serving in less than full-time terms of service. If a program chooses to provide a living allowance to a less than full-time member, it must comply with the maximum limits in the table below. For Cost Reimbursement grants, the amount must be included in the proposed budget as either CNCS or grantee share. Exceptions are noted below.

While Fixed Amount grant applicants are not required to submit detailed budgets, they are still required to provide a living allowance to members that complies with the minimum and maximum requirements. Exceptions are noted below. Fixed Amount grant applicants are not required to indicate that amount in the application and should request those positions as “without living allowance” in the budget.

Table: Minimum and Maximum Living Allowance

Service Term	Minimum # of Hours	Minimum Living Allowance	Maximum Total Living Allowance
Full-time	1,700	\$15,100	\$30,200
Three Quarter-time	1,200	n/a	\$21,318
Half-time	900	n/a	\$15,988
Reduced Half-time	675	n/a	\$11,991

Quarter-time	450	n/a	\$7,994
Minimum-time	300	n/a	\$5,329
Abbreviated-time	100	n/a	\$1,776

Exceptions to the Living Allowance Requirements

a. Programs existing prior to September 21, 1993 are not required to offer a living allowance. If an applicant chooses to offer a living allowance, it is exempt from the minimum requirement, but not the maximum requirement.

b. EAP Grantees are not required to provide a living allowance, but if a living allowance is provided, it must comply with the maximum requirements set forth in the Living Allowance Table above.

c. Professional Corps Grantees must provide members a living allowance or salary, which must meet the minimum, but may exceed the maximum living allowance set in the Living Allowance Table above. Professional Corps member salaries and benefits including childcare are paid entirely by the organizations with which the members serve, and are not included in the budget request to CNCS (federal or matching share).

2. Maximum Cost per Member Service Year (MSY)

The CNCS cost per MSY is determined by dividing the CNCS share of budgeted grant costs by the number of MSYs requested. It does not include childcare or the value of the education award a member may earn. The maximum amount an applicant may request from CNCS per MSY is determined on an annual basis.

New and recompeting Commission subgrantees/applicants will be held to the maximum cost per MSY for their grant type.

Table: Maximum Cost per MSY

Grant Program	Maximum
Operational Program (cost reimbursement or fixed-price)	\$16,300
Professional Corps Fixed Amount Applicants/Grantees	\$1,000*
Education Award Program Fixed Amount Grant	\$800 or \$1,000**

*CNCS requires **Professional Corps** programs to cover the operating expenses associated with the AmeriCorps program through non CNCS resources. CNCS will only consider operating funds of up to \$1,000 per MSY if an applicant is able to demonstrate significant organizational financial need.

** Per 42 U.S.C. 12581a, the Corporation may provide the operational support under this section for a program in an amount that is not more than \$800 per individual enrolled in an approved national service position, or not more than \$1,000 per such individual if at least 50 percent of the persons enrolled in the program are disadvantaged youth.

CNCS reserves the right to determine whether an applicant is a Professional Corps and whether the legal applicant has sufficiently demonstrated that they cannot effectively operate an AmeriCorps program without receiving CNCS operating funds. Given the high demand for

AmeriCorps funding there may be specific circumstances where CNCS determines that either a legal applicant is not a Professional Corps program or is unlikely to demonstrate a need for operational funds due to other funding resources. Where CNCS’s due diligence review of a Professional Corps application shows that the applicant has a historically high level of support from non-CNCS sources, and as a result has levels of unrestricted funding that is in excess of the requested level of CNCS funding, CNCS may choose to not provide additional operational funding.

3. Segal AmeriCorps Education Award

AmeriCorps members who successfully complete a term of service will be eligible for an Education Award from the National Service Trust. The amount of the Education Award is linked to the value of the Pell Grant. A member has up to seven years after his or her term of service to use the Education Award. The Education Award amounts for the 2021 grant year are as follows:

Participation Types	Minimum # of Hours	Amounts
Full-time (FT)	1,700	\$6,345.00
Three Quarters Time (TQT)	1,200	\$4,441.50
Half-Time (HT)	900	\$3,172.50
Reduced Half-Time (RHT)	675	\$2,417.14
Quarter-Time (QT)	450	\$1,678.57
Minimal-Time & Summer Associate (MT &	300	\$1,342.86
AmeriCorps Affiliate (AT)	100	\$357.08

4. Cost Sharing or Matching

a. Please see Section C. Eligibility Information 2. Cost Sharing or Matching earlier in the NOFO.

D.6.b. Indirect Costs

Application budgets may include indirect costs. Based on qualifying factors, applicants may either use a federally-approved indirect cost rate, a 10 percent *de minimis* rate of modified total direct costs, or may claim certain costs directly, as outlined in 2 CFR 200.413. States, local governments, and Indian Tribes may use previously-approved indirect cost allocation plans. All methods must be applied consistently across all federal awards. Applicants that have a federal negotiated indirect cost rate or that will be using the 10 percent *de minimis* rate must enter that information in the Organization section in eGrants. However, under section 121(d) of the NCSA and CNCS’s regulations at 45 CFR 2521.95 and 2540.110, no more than five percent of award funds may be used to recover indirect costs on AmeriCorps grants.

The instructions for how to enter the organization's indirect cost rate are located here: [eGrants Indirect Cost Rate User Instructions](#). Applicants should not submit documentation addressing the indirect cost rate agreement via email.

Please note: *To request a Federally negotiated indirect cost rate agreement, when CNCS is the applicable cognizant agency for an organization's indirect costs, the applicant must submit a request to IndirectCostRate@cns.gov. The applicant may also obtain instructions and additional information by contacting the email address above.*

D.6.c. Pre-Award Costs

Pre-award costs, where authorized, are allowed after receiving written approval from Nevada Volunteers.

D.7. Other Submission Requirements

D.7.a. Electronic Application Submission in eGrants

Applicants must submit applications electronically via [eGrants, CNCS's web-based application system](#). CNCS recommends that applicants create an eGrants account and begin the application at least three weeks before the deadline. Applicants should draft the application as a Word document, then copy and paste the text into the appropriate eGrants field no later than 10 days before the deadline.

The applicant's authorized representative must be the person who submits the application. The authorized representative must use his or her own eGrants account to sign and submit the application. A copy of the governing body's authorization for this official representative to sign must be on file in the applicant's office.

Applicants should contact the National Service Hotline at (800) 942-2677 or via [eGrants Questions](#) if they have a problem when they create an account, prepare, or submit the application. National Service Hotline hours are posted at <https://questions.nationalservice.gov/>

Be prepared to provide the application ID, organization's name, and the competition to which the organization is applying. If the issue cannot be resolved by the deadline, applicants must continue working with the National Service Hotline to submit via eGrants.

E. APPLICATION REVIEW INFORMATION

E.1. Review Criteria

Each applicant must describe a project that will deploy AmeriCorps members effectively to solve a significant community problem. CNCS urges applicants to submit high quality applications that carefully follow the guidance in this *Notice* and in the Application Instructions. The quality of an application will be an important factor in determining whether an organization will receive funding.

E.1.A. Executive Summary (Required - 0 percent)

Please fill in the blanks of these sentences to complete the Executive Summary. Do not deviate from the template below.

The [Name of the organization] proposes to have [Number of] AmeriCorps members who will [service activities the members will be doing] in [the locations the AmeriCorps members will serve]. At the end of the first program year, the AmeriCorps members will be responsible for [anticipated outcome of project]. In addition, the AmeriCorps members will

leverage [number of leveraged volunteers, if applicable] who will be engaged in [what the leveraged volunteers will be doing.]

This program will focus on the CNCS focus area(s) of [Focus Area(s)].* The CNCS investment of \$[amount of request] will be matched with \$[amount of projected match], \$[amount of local, state, and federal funds] in public funding and \$[amount of non-governmental funds] in private funding.

*If the program is not operating in a CNCS focus area, omit this sentence.

Fixed-Amount grant applicants (EAP, Full-Cost Fixed, No Cost Slots) should list their Other Revenue (see Mandatory Supplemental Information) because they are not required to provide a specific amount of match, but still raise significant additional resources to operate the program.

E.1.B. Program Design (50 percent)

Reviewers will consider the quality of the application's response to the criteria below. Do not assume all sub-criteria are of equal value.

1. Theory of Change and Logic Model (24 points)

The Theory of Change shall address:

- The proposed intervention is responsive to the identified community problem.
- The applicant's proposed intervention is clearly articulated including the design, dosage, target population, and roles of AmeriCorps members and (if applicable) leveraged volunteers.
- The applicant's intervention is likely to lead to the outcomes identified in the applicant's Theory of Change.
- The expected outcomes articulated in the application narrative and logic model represent meaningful progress in addressing the community problem identified by the applicant.
- The rationale for utilizing AmeriCorps members to deliver the intervention(s) is reasonable.
- The service role of AmeriCorps members will produce significant contributions to existing efforts to address the stated problem.

The Logic Model shall depict:

- A summary of the community problem.
- The inputs or resources that are necessary to deliver the intervention, including but not limited to:
 - Locations or sites in which members will provide services
 - Number of AmeriCorps members who will deliver the intervention
- The core activities that define the intervention or program model that members will implement or deliver, including:
 - The duration of the intervention (e.g., the total number of weeks, sessions or months of the intervention)
 - The dosage of the intervention (e.g., the number of hours per session or sessions per week)
 - The target population for the intervention (e.g., disconnected youth, third graders at a certain reading proficiency level)

- The measurable outputs that result from delivering the intervention (i.e. number of beneficiaries served, types and number of activities conducted). If applicable, identify which National Performance Measures will be used as output indicators
- Outcomes that demonstrate changes in knowledge/skill, attitude, behavior, or condition that occur as a result of the intervention. If applicable, identify which National Performance Measures will be used as outcome indicators.

Note: The logic model is a visual representation of the applicant’s Theory of Change. Programs should include short, medium or long-term outcomes in the logic model. Applicants are not required to measure all components of their Theory of Change. The applicant’s performance measures should be consistent with the program’s Theory of Change and should represent significant program activities.

In the application narrative, applicants should discuss their rationale for setting output and outcome targets for their performance measures. Rationales and justifications should be informed by the organization’s performance data (e.g., program data observed over time that suggests targets are reasonable), relevant research (e.g. targets documented by organizations running similar programs with similar populations), or prior program evaluation findings.

Applicants with multiple interventions should complete one Logic Model chart which incorporates each intervention. Logic model content that exceeds three pages will not be reviewed.

2. Evidence Base (20 points)

The assessment of an applicant’s evidence base has two parts. First, the applicant will be assigned to an evidence tier (see the Mandatory Supplemental Information.) Second, the quality of the applicant’s evidence and the degree to which it supports the proposed program design will be assessed and scored.

Evidence Tier (12 points):

An evidence tier will be assessed for each applicant for the purpose of understanding the relative strength of each applicant’s evidence base and the likelihood that the proposed intervention will lead to outcomes identified in the logic model.

In 2020, the evidence tiers of successful AmeriCorps State and National applicants that were competing were as follows: Strong 26%, Moderate 18%, Preliminary 24%, and Pre-Preliminary 32%. As these figures indicate, CNCS values and funds programs at all points along the evidence continuum and expects programs to progress along the evidence continuum over time. Thus, do not be deterred from applying for funding due to your current evidence level.

Applicants who have outcome or impact evaluation reports of the same intervention described in the application (see Mandatory Supplemental Intervention for a definition of “same intervention”) may submit up to 2 of those reports, plus (if applicable) the evaluation report from their last three-year grant cycle, to qualify for the Preliminary, Moderate, or Strong evidence tier. In order to qualify for consideration, the intervention evaluated in the submitted report(s) must match the intervention proposed by the applicant in the following areas, all of which must be clearly described in the Program Design and Logic Model sections of the application:

- Characteristics of the beneficiary population
- Characteristics of the population delivering the intervention
- Dosage (frequency, duration) and design of the intervention, including all key components and activities
- The context in which the intervention is delivered
- Outcomes of the intervention

In the Evidence Tier section of the application narrative, applicants must (1) summarize the study design and key findings of any outcome or impact evaluation report(s) submitted and (2) describe any other evidence that supports their program, including past performance measure data and/or other research studies that inform their program design. Applicants who submit evaluation reports for consideration must also describe in the Evidence Base section of the application narrative how the intervention described in the submitted reports is the same as the intervention described in the application (see Mandatory Supplemental Information).

Applicants should provide citations for the studies they describe, if applicable; however, reviewers will not review any documents external to the application other than evaluation report(s) submitted in accordance with the *Notice* instructions.

Applicants must meet all requirements of an evidence tier in order to be considered for that tier.

If the evaluation reports submitted by the applicant do not meet the definitions in the Mandatory Supplemental Information, the applicant may be considered for a lower evidence tier.

Evidence Quality (8 points)

After the applicant's evidence tier has been assessed, the quality of the applicant's evidence and the extent to which it supports the proposed program design will be assessed and scored using the following standards:

- The applicant uses relevant evidence, including past performance measure data and/or cited research studies, to inform their proposed program design;
- The described evidence is relatively recent, preferably from the last six years;
- The evidence described by the applicant indicates a meaningful positive effect on program beneficiaries in at least one key outcome of interest.

Applicants assessed in the Pre-Preliminary evidence tier who do not provide adequate responses to the Evidence Quality standards will not meet the threshold requirements for this *Notice* and will not be considered for funding.

All applicants, including new grantees, are required to provide additional information in the Evaluation Summary or Plan field of the application (See Section E. Evaluation Plan); however, information provided in the Evaluation Summary or Plan field will not be scored and will not be reviewed until after funding decisions have been made.

3. Notice Priority (0 points)

- The applicant proposed program fits within one or more of the AmeriCorps funding priorities as outlined in the *Funding Priorities* section and more fully described in the Mandatory Supplemental Information and the proposed program meets all of the requirements detailed in the *Funding Priorities* section and in the Mandatory Supplemental Information.

4. Member Experience (6 points)

- AmeriCorps members will gain skills as a result of their training and service that can be utilized and will be valued by future employers after their service term is completed.
- The program will recruit AmeriCorps members from the geographic or demographic communities in which the programs operate.
- The applicant will foster an inclusive service culture where different backgrounds, talents, and capabilities are welcomed and leveraged for learning and effective service delivery.

E.1.C. Organizational Capability (25 percent)

Reviewers will consider the quality of the application's response to the following criteria below. Do not assume all sub-criteria are of equal value.

1. Organizational Background and Staffing (9 points)

- The organization details the roles, responsibilities, and structure of the staff that will be implementing the AmeriCorps program as well as providing oversight and monitoring for the program.

2. Compliance and Accountability (8 points)

- The organization has a monitoring and oversight plan to prevent and detect non-compliance and enforce compliance with AmeriCorps rules and regulations including those related to prohibited and unallowable activities and criminal history checks at the grantee, subgrantee (if applicable), and service site locations.
- The CNCS-required evaluation report meets CNCS requirements (if applicable).
- The CNCS-required evaluation report is of satisfactory quality (if applicable).

3. Culture that Values Learning (4 points)

- The applicant's board, management, and staff collect and use information, including performance data, for learning and decision making.

4. Member Supervision (4 points)

- AmeriCorps members will receive sufficient guidance and support from their supervisor to provide effective service.
- AmeriCorps supervisors will be adequately trained/prepared to follow AmeriCorps and program regulations, priorities, and expectations.

E.1.D. Cost Effectiveness and Budget Adequacy (25 percent)

Reviewers will assess the quality of the application's budget to the following criteria below. Do not assume all sub-criteria are of equal value.

These criteria will be assessed based on the budget submitted. No narrative should be entered in the narrative box except for "See budget"

1. Cost Effectiveness and Budget Adequacy (25 points)

- Budget is submitted without mathematical errors and proposed costs are allowable, reasonable, and allocable to the award.
- Budget is submitted with adequate information to assess how each line item is calculated.
- Budget is in compliance with the budget instructions.

- Match is submitted with adequate information to support the amount written in the budget.
- The budgeted match is equal to or more than the required match for the given program year.
- The cost per MSY is equal to or less than the maximum cost per MSY.

Applicants must complete the budget and ensure the following information is in the budget screens:

- Current indirect rate cost rate information if used to claim indirect/administrative costs.
- Identify the non-CNCS funding and resources necessary to support the project, including Fixed Amount applicants.
- Indicate the amount of non-CNCS resource commitments, type of commitments (in-kind and/or cash), the sources of these commitments, and if the commitments are proposed or secured.

E.1.E. Evaluation Plan (0 percent)

Applicants without an evaluation plan must provide a data collection plan in the “Evaluation Summary or Plan” field that includes the following:

- A description of the applicant’s data collection system and how it is sufficient to collect high quality performance measurement data during the first three years of the grant. If the applicant does not yet have a data collection system, describe the plan and timeline for developing a high-quality system.
- A description of how the applicant will use performance data (including CNCS performance measures and other process and outcome measures if applicable) to improve its program in the first three years of funding.

Applicants with an evaluation or a result of an evaluation plan should submit the program’s evaluation plan in the “Evaluation Summary or Plan” section of the Narratives field in CNCS’s web-based management system. If the program has a completed evaluation, they must submit its evaluation report as an attachment (see the *Submission of Additional Documents* section for more information), and must also submit an evaluation plan for the next three-year period in the “Evaluation Summary or Plan” field in the system.

Evaluation plans must include as much information as possible for each of the following (see Frequently Asked Questions: Evaluation, available at <http://www.nationalservice.gov/resources/evaluation/cnscs-evaluation-policies>):

- A short description of the Theory of Change - why the proposed intervention is expected to produce the proposed results
- Outcome(s) of interest - clear and measurable outcomes that are aligned with the Theory of Change and will be assessed during the evaluation
- Research questions to be addressed by the study - concrete research questions (or hypotheses) that are clearly connected to the outcomes
- Proposed research design for the evaluation including a rationale for the design selected, an assessment of its strengths and limitations, and a description of the main components;
- Description of the data sources, sampling methods, measurement tools, and data collection procedures that will be used in the evaluation
- Analysis plan that clearly describes the methodology/ies that will be used to analyze the collected data
- A timeline for the evaluation that describes how the evaluation will cover at least one year of CNCS-funded activity and will be completed within the three-year timeframe of the grant

- Qualifications needed for the evaluator
- The proposed budget

Information provided in the Evaluation Summary or Plan field will not be scored and will not be reviewed until after funding decisions have been made.

For more information about how to write a high-quality evaluation plan, visit the CNCS Knowledge Network's Evaluation Resources:
<http://www.nationalservice.gov/resources/evaluation/planning-evaluation>.

The "Evaluation Summary or Plan" field of the Narrative does not count toward the page limit of the application; however, it does have a set character limit of 20,000 characters.

E.1.F. Amendment Justification (0 percent)

Enter N/A. This field will be used if the applicant is awarded a grant and needs to amend it.

E.1.G. Clarification Information (0 percent)

Enter N/A. This field will be used to enter information that requires clarification in the post-review period.

E.1.H. Continuation Changes (0 percent)

Enter N/A. This field will be used to enter changes in the application narratives in continuation requests.

E.2. Review and Selection Process

Nevada Volunteers will make determination about applicants utilizing the data provided within the application and supplemental materials. These determinations may be different than what the applicant self-determined upon submission of its application.

E.2.a. Initial Application Compliance and Eligibility Review

Nevada Volunteers staff will conduct a Compliance Review to determine if an application meets the compliance requirements published in this *Notice* and advances to the next stage of the review process. Applications determined non-compliant will not be considered for funding. An application is compliant if the applicant:

An application is compliant if the applicant:

- Is an eligible organization
- Submits a Letter of Intent form by the submission deadline (not applicable for Continuation/Re-Compete applicants)
- Submits an application that is complete in that it contains all required elements and follows the instructions provided in this Notice
- Submits an application by the submission deadline

Reviewing for eligibility is intended to ensure that only those applications that are eligible for award are further reviewed. However, determinations of eligibility can take place at any point during the application review and selection process. Applicants that are determined to be ineligible will not receive an award.

E.2.b. Application Review

Each application will be assessed by several Nevada Volunteers' staff. Staff reviewers will evaluate the application using the application review criteria, consider the comprehensiveness and feasibility of the application, and assess the priorities and strategic considerations detailed in the *Notice*.

E.2.c. Applicant Clarification

Some applicants may receive requests to provide clarifying information and/or make changes to their application including changes to the budget. This information is used by Nevada Volunteers staff in making funding recommendations. Applications may be recommended for funding even if they are not asked clarification questions. A request for clarification does not guarantee an award. Failure to respond to a request for clarification adequately and in a timely manner may result in the removal the application from consideration.

E.2.d. Pre-Award Risk Assessment

Nevada Volunteers staff will evaluate the risks to the program posed by each applicant to assess an applicant's ability to manage federal funds. This evaluation is in addition to assessment of the applicant's eligibility and the quality of its application on the basis of the Selection Criteria. Results from this evaluation will inform funding decisions. If Nevada Volunteers determines that an award will be made to an applicant with assessed risks, special conditions that correspond to the degree of assessed risk may be applied to the award. In evaluating risks, Nevada Volunteers may consider the following, but not limited to:

- Financial capability and capacity to manage Federal funds
- Quality of financial management systems and ability to meet the administrative standards prescribed in applicable OMB Guidance
- Federal debt delinquency
- Suspension and debarment
- Information available through OMB-designated repositories of government-wide eligibility qualification or financial integrity information, such as:
 - Federal Awardee Performance and Integrity Information System (FAPIIS)
 - U.S. Treasury Bureau of Fiscal Services
 - System for Award Management (SAM)
 - "Do Not Pay"
- Reports and findings from single audits performed under Uniform Administrative Guidance and findings of any other available audits or investigations
- IRS Tax Form 990
- Financial stability
- Operational and Financial Management Survey
- Publicly available information, including information from the applicant organization's website
- Applicant's record in managing previous CNCS awards, cooperative agreements, or procurement awards, including:
 - Timeliness of compliance with applicable reporting requirements
 - accuracy of data reported
 - Conformance to the terms and conditions of previous federal awards
 - Applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients

- Meeting matching requirements
- The extent to which any previously awarded amounts will be expended prior to future awards
- Grant progress reports – attainment of Performance Measures
- Enrollment and retention
- Site visit or other monitoring findings (if applicable)
- OIG findings (if applicable)
- Significant opportunities and/or risks of the grantee related to national service
- Commission rank

Additionally, Nevada Volunteers may use the results of the review of the risk assessment evaluation in determining which applications to fund. If Nevada Volunteers concludes that the reasons for applicants having a poor risk assessment are not likely to be mitigated, those applications may not be selected for funding.

E.2.e. Consideration of Integrity and Performance System Information

Prior to making any award that exceeds \$250,000, Nevada Volunteers is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM and FAPIIS (see 41 U.S.C. §2313). Additionally, CNCS may expand upon these requirements and use its discretion to review and consider information about any applicant receiving an award, including those under the simplified acquisition threshold.

Any applicant, at its option, may review information in the designated integrity and performance systems accessible through FAPIIS and comment on any information about itself that a federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through FAPIIS.

CNCS and Nevada Volunteers may consider comments by any applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing its review of risk posed by the applicant under the Risk Assessment Evaluation section of this Notice.

E.2.f. Selection for Funding

The assessment of applications involves a wide range of factors and considerations. Nevada Volunteers staff will apply their experience and expertise in evaluating and recommending applications. Nevada Volunteers will engage external reviewers to provide insight and input, making recommendations to the commission for funding decisions. All reviewers will be screened for conflicts of interest. In the end, the review and selection process will produce a diversified set of high-quality programs that reflect the priorities and strategic consideration described in this *Notice*. The review and selection process are designed to:

- Identify how well eligible applications are aligned with the application review criteria
- Build a diversified portfolio based on the following strategic considerations:
 - CNCS and Nevada Volunteers Funding Priorities
 - Meaningful representation of
 - geographic diversity
 - rural communities
 - single and multi-state programs

- faith-based organizations
- focus area representation

Based on the evaluation of these strategic considerations, applications may be selected for funding over applications with a greater degree of alignment with the review criteria. In selecting applicants to receive awards under this Notice, the Chief Executive Officer will endeavor to include a diverse portfolio of applications based on staff recommendations and strategic considerations. Nevada Volunteers and CNCS reserve the right to prioritize funding existing awards over making new awards. Nevada Volunteers reserves the right to award applications in an amount other than at the requested level of funding and will document the rationale for doing so.

CNCS and Nevada Volunteers reserve the right to adjust or make changes to the review process, if unforeseen challenges or urgent circumstances make it impossible, impracticable, or inefficient to conduct the review process as planned. Any such adjustments or changes will not affect the selection criteria that will be used to assess applications.

E.3. Feedback to Applicants

Following awards, applicants may receive feedback from the review of their compliant applications. This feedback will be based on the review of the original application and will not reflect information provided during clarification.

E.4. Transparency in Grant-making

CNCS is committed to transparency in grant-making. The following information is made available by Nevada Volunteers upon request:

- a list of all compliant applications submitted
- executive summaries of all compliant applications
- data extracted from the SF-424 Face Sheet
- a blank template of the external review worksheet
- a list of all external reviewers who completed the review process
- a summary of external reviewer comments for successful applications

F. FEDERAL AWARD ADMINISTRATION INFORMATION

F.1. Federal Award Notices

Nevada Volunteers will make awards following the grant selection announcement. Please see the Important Dates section at the beginning of this NOFO for the date, contingent on timely full year appropriations. All applicants, successful or not, will be notified of funding decisions via email.

Notification of an award is not an authorization to begin grant activities. The Subgrant Agreement signed by the executive director of Nevada Volunteers is the only document authorizing awardees to commence grant activities. Unsuccessful applicants will also receive a notification that their application was not approved for funding. An awardee may not obligate or expend federal funds until the start of the Project Period identified on the subgrant agreement.

F.2. Administrative and National Policy Requirements

F.2.a. Uniform Guidance

All awards made under this Notice will be subject to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) in 2 CFR Parts 200 and 2205.

F.2.b. Requests for Improper Payment Information

Nevada Volunteers and/or CNCS may request documentation from recipients in order to monitor the award or to comply with other legal requirements, such as the Improper Payments Information Act of 2002, as amended. Failure to make timely responses to these requests may result in award funds being placed on manual hold, reimbursement only status, or other remedies may be applied as appropriate.

F.2.c. CNCS Terms and Conditions

All awards made under this Notice will be subject to the subgrant agreement issued by Nevada Volunteers, the FY 2021 CNCS General Terms and Conditions, and the FY 2021 AmeriCorps Program Specific Terms and Conditions for the particular program (when applicable). These Terms and Conditions contain detailed, mandatory compliance and reporting requirements. Current versions of the CNCS General and Program Specific Terms and Conditions for each of its programs is available at <https://www.nationalservice.gov/resources/terms-and-conditions-cnscs-grants>.

F.2.d. National Service Criminal History Check Requirements

The National Service Criminal History Check (NSCHC) is a specific screening procedure established by law to protect the beneficiaries of national service. The law requires grantees to conduct and document NSCHCs on persons (including award-funded staff, national service participant, or volunteer) receiving a salary, living allowance, stipend, or education award through a program receiving CNCS funds. This includes staff that receive part of their salary through a subgrant. An individual is ineligible to serve in a position that receives such CNCS funding if the individual is registered, or required to be registered, as a sex offender or has been convicted of murder. The cost of conducting NSCHCs is an allowable expense under the award. Nevada Volunteers subgrantees are required to budget \$35 for TrueScreen NSOPW and Fieldprint FBI check + cost of any additional checks desired for each covered position (member and staff). All NSCHCs must be approved by Nevada Volunteers before any staff or member can begin work or service unless staff or member is located in a rural area without access to Live Scan.

Failure to conduct compliant NSCHC may result in significant disallowed costs.

See 45 CFR 2540.200–2540.207 and CNCS Criminal History Check Resources for complete information and FAQs.

F.2.e. Official Guidance

All CNCS active Guidance is available on the agency's Guidance webpage: <https://www.nationalservice.gov/resources/official-guidance>. *The contents of these documents do not have the force and effect of law and are not meant to bind the public in any way unless incorporated into a contract or grant agreement. These documents are intended only to provide clarity to the public regarding existing requirements under the law or agency policies.*

F.3. Use of Material

To ensure that materials generated with CNCS funding are available to the public and readily accessible to recipients and non-recipients, CNCS reserves a royalty-free, nonexclusive, and irrevocable right to obtain, use, modify, reproduce, publish, or disseminate publications and materials produced under the award, including data, and to authorize others to do so (2 CFR §200.315).

F.4. Reporting

Recipients are required to submit a variety of reports which are due at specific times during the life cycle of an award. All reports must be accurate, complete, and submitted on time. A list of reporting deadlines, based on risk-assessment, will be provided by Nevada Volunteers at the time of grant award.

Once the grant is awarded, recipients will be expected to have data collection and data management policies, processes, and practices that provide reasonable assurance that they are reporting high quality performance measure data. At a minimum, recipients should have policies, processes, and practices that address the following five aspects of data quality:

- the data measures what it intends to measure
- the data reported is complete
- the recipient collects data in a consistent manner
- the recipient takes steps to correct data errors
- the recipient actively reviews data for accuracy prior to submission.

In addition to annual reporting of progress toward the grant's approved performance measure outputs and outcomes, additional performance data and narrative data must be reported annually (as applicable), including the number of applicants for AmeriCorps positions and the number of volunteers recruited and/or supported by AmeriCorps members. Failure to submit accurate, complete, and timely required reports may affect the recipient's ability to secure future funding.
